

Spanish 4 Honors - Unit 6 - La ciencia y la tecnología (Science and Technology)

Unit Focus

In this sixth and final unit of Spanish IV Honors, students will probe the constantly-evolving world of science and technology. While investigating and discussing these unit themes, students will be tasked with learning and putting to use the Perfect/Haber tenses, past participles used as adjectives, and the passive voice, including the impersonal SE. Throughout this unit, students will be exposed to a variety of unit-related, authentic written and spoken texts, recordings, and prompts to further their growth in the language. Students will be forced to analyze the limitations of an existing product and imagine, and present, an innovation to it.
