

Fundamentals of Criminal Justice Unit 3: Crime Scene Investigation

Unit Focus

In this unit students will focus on why do people commit crimes? Students will look at criminal theories, along with how an investigator will use deductive reasoning to create a criminal profile based on a crime scene investigation. Students will examine potential pieces of evidence that could be used against someone in a trial and weigh how much influence each could have over a jury. The PBA has students analyzing crime scenes and using deductive reasoning to develop a profile of a potential suspect.

Stage 1: Desired Results - Key Understandings

 Analyze the specific cases by stating facts, finding the legal questions, applying the laws, and 	Understanding(s)	Essential Question(s)
resolving the issues. BL.1.2.I.1 Common Core English Language Arts: 9-10 Introduce precise claim(s), distinguish the claim(s) from alternate or opposing claims, and create an organization that establishes clear relationships among claim(s), counterclaims, reasons, and evidence. CCSS.ELA-LITERACY.W.9-10.1.A Provide a concluding statement or section that follows from and supports the argument presented. CCSS.ELA-LITERACY.W.9-10.1.E Provide a conclusion that follows from and reflects on what is experienced, observed, or resolved over the course of the narrative. CCSS.ELA-LITERACY.W.9-10.3.E Present information, findings, and supporting	U1 Professionals use criminal profiling to find an individual likely to have committed a crime based on the facts around it using deductive reasoning. U2 Organized and disorganized crime scenes can tell investigators information about the criminal such as intelligence, employment, social skills. U3 In order to rule a person guilty of a crime all credible evidence must connect the defendant to the crime beyond a reasonable doubt. U4 The causes of crime are grounded in multiple psychological, sociological, and biological theories. U5 There are a wide variety of career paths in the criminal justice field with multiple options for education and training available to achieve productive meaningful careers.	Students will keep considering Q1 How do criminal justice systems balance the safety of the community with the need to protect individual rights? Q2 What does a crime scene tell us about the person who committed the crime? Q3 Why do people commit crimes? Q4 How does each career play a role in the police, court, and corrections process to balance the safety of the community with the need to protect individual rights?
