Grade 5
Distance Learning Module 6: Week of: May $11^{\text {th }}-15^{\text {th }}$

## Grade 5 Mathematics - Modified from Unit \#5 - Multiplying and Dividing Whole Numbers and Fractions

## Targeted Goals from Stage 1: Desired Results

Content Knowledge: Finding the product of fractions.

Vocabulary: denominator, numerator, factor, fraction, improper fraction, product, equivalent fraction, area model, equation, expression, fraction model

Skills:

- solving multiplication of fractions with the area model
- determining a fractional amount of a whole number.
- how to model multiplication of fractions

## Expectation:

| Description of Task (s): | Resources and Materials: | Daily Checks <br> (Return to Google Classroom or snapshots from a cell phone) |
| :---: | :---: | :---: |
| Monday: Strategies for multiplying fractions and whole numbers <br> Practice Multiplication or Division Facts | Watch this video on the Trading Places strategy for multiplying a fraction by a whole number. <br> Play Fraction Splat. <br> Fraction Splat Directions <br> Fraction Splat Game Board 1 <br> Fraction Splat Game Board 2 <br> Choose a game or activity to practice facts for 5-10 minutes. See District website or Fact Fluency Practice Options for ideas. | Complete the Whole Number Times a Fraction Checkpoint. Take a picture of your checkpoint and upload it to Google Classroom. |

| Description of Task (s): | Resources and Materials: | Daily Checks <br> (Return to Google Classroom or snapshots from a cell phone) |
| :---: | :---: | :---: |
| Tuesday: Understanding Area and Perimeter on a Geoboard <br> Practice Multiplication or Division Facts | Look at the Rectangle Review sheet and answer the questions before watching the video. <br> Watch this video about perimeter on a Geoboard. <br> Optional Challenge Activity: Use the Geoboard Perimeters Challenge sheet to draw and label an example of additional figures with a perimeter of exactly: <br> - 2 linear units <br> - $2 \frac{1}{2}$ linear units <br> - 3 linear units <br> - $31 ⁄ 2$ linear units <br> Choose a game or activity to practice facts for 5-10 minutes. See District website or Fact Fluency Practice Options for ideas. | Complete the google form: Geoboard Perimeters <br> If you chose to do the challenge, upload an image of your completed work to Google Classroom |
| Wednesday: Multiplying Fractions using the area model <br> Practice Multiplication or Division Facts | Watch this video on Using the Area Model to Multiply Fractions. <br> Print or create your own Fraction <br> Multiplication Grids. <br> Solve the following problems on your grids: <br> 1. $3 / 4 \times 1 / 4$ <br> 2. $1 / 2 \times 1 / 4$ <br> 3. $1 / 4 \times 1$ <br> Choose a game or activity to practice facts for 5-10 minutes. See District website or Fact Fluency Practice Options for ideas. | Take a picture of your completed fraction grid and upload it to Google Classroom. |

| Description of Task (s): | Resources and Materials: | Daily Checks <br> (Return to Google Classroom or snapshots <br> from a cell phone) |
| :--- | :--- | :--- |
| Thursday: Multiplying Fractions using the <br> area model | Watch this video on Multiplying Fractions <br> with the Area Model part 2. <br> Practice Multiplication or Division Facts <br> Choose a game or activity to practice facts for <br> $5-10$ minutes. See District website or Fact <br> Fluency Practice Options for ideas. | Complete Student Book Page 179 and upload <br> it to Google Classroom. |
| Friday: Solve multiplication equations using <br> the Standard Algorithm | Review the anchor chart: <br> Multiplication Algorithm Anchor Chart | Complete Student Book Page 175, Reviewing <br> the Standard Algorithm for Multiplication, <br> and upload an image of your completed work <br> to Google Classroom |
| Practice Multiplication or Division Facts | Watch the video to review the strategy if <br> needed: Multiplication Algorithm Review <br> Choose a game or activity to practice facts for <br> $5-10$ minutes. See District website or Fact <br> Fluency Practice Options for ideas. |  |

Week criteria for success (attach student checklists or rubrics):

- I can use different strategies to multiply a fraction by a whole number.
- I can find the product of two fractions using an area model.
- I can use the standard algorithm to solve multiplication problems.

Supportive resources and tutorials for the week (plans for re-teaching):

Play Fraction Splat
Fraction Splat Directions
Fraction Splat Game Board 1
Fraction Splat Game Board 2

Count On Game- Multiplying a Fraction by a Whole
Video for Multiplying a Fraction by a Fraction with a Model

Area Model for Multiplying Fractions

Khan Academy Visualizing Multiplying Fractions
Khan Academy Multiplying fractions with Visuals Practice Problems
