

Grade 6

Distance Learning Module 11: Week of: June 15th -June 18th

Grade 6 Visual ART - *Fun with Photography*

Targeted Goals from Stage 1: Desired Results

Content Knowledge: Students will use photography to design an interesting composition.

Vocabulary: Composition, positive/negative space, cropping, abstract, realistic

Skills: using different functions on a camera

Expectation: Students will select 3 objects that make them think of summer vacation and create an interesting way of using these objects in a photograph.

Description of Task (s):	Resources and Materials:	Daily Checks (Return to Google Classroom or snapshots from a cell phone)
What makes you think about summer vacation? Examples might include going to the beach, swimming in a pool, eating ice cream, etc. Once you decide on these objects, think of a fun way of displaying them in a photograph (you can use scenery or even arrange the objects in a way as you did when you created your still life composition). We have been going through difficult times right now, and the reason behind this activity is to get you to plan ahead in a positive way during all of this social distancing we've had to do. How are you going to have a fun summer off?!		-Students can send pictures for feedback -Students will have weekly live check-ins

Week criteria for success (attach student checklists or rubrics):

Supportive resources and tutorials for the week (plans for re-teaching):
