

Grade 1 Unit 1 - My Rules and My School Community

Unit Focus

In this roll-out unit students will be reflecting on their kindergarten rules and developing rules for their new experience while discussing why we have rules and what it means to be an active participant in a larger community (family, classroom, school, bus, hallway, cafe, specials). Students, as classroom community members, will discuss why it is important to be respectful of others and to be active listeners during turn and talk, lessons, stories, and other interpersonal activities. They will be discussing what happens when a member of a community does not follow the rules and the reasons for consequences associated with such actions. Mentor texts will be utilized to help the teacher emphasize lessons in citizenship and other local and global issues. Additionally, embedded in the unit will be a concept which focuses on the celebration of certain holidays and how they connect to citizenship and community.
